Agenda for Examiner Interview

Application Serial No. 10/824,074.

Participants: Aly Dossa

John Garza

Examiner C. Arcos

Proposed Date/Time: March 16, 2010, 3:00 PM Eastern Time

During the telephonic interview, Applicants would like to discuss the following:

- A brief overview of the claimed invention.
- A discussion of the rejection of claim 9 as being indefinite. Applicants would like to discuss arguments presented on page 9 of the Response to Office Action filed on November 9, 2009.
- A discussion of the teachings of the referenced prior art as applied to the independent claims. In particular, Applicants wish to discuss which portions of the prior art the Examiner asserts disclose the following limitations:
 - a. A container residing in a resource pool along with a different container.
 - A plurality of resource pools included in a computer system.
 - c. A resource pool associated with <u>one of a plurality</u> of processor sets of the computer system, and allocated a <u>portion</u> of a first resource.
 - d. Determining whether the portion of the first resource allocated to the container <u>does not exceed</u> the portion of the first resource allocated to the resource pool.
